Want to test your mmo skill in real life? Here is a dream game for you: is it a vampire and werewolf game? "Vampire: the Masquerade - Bloodlines" is an expansion pack for the game of the same name. In this, you are a vampire who wants to make up for the "wrongs" of the Vampire: the Masquerade and Vampire: the Masquerade - Bloodlines games. Features: * The game is set in the fictional Portland, Oregon city of 19th century Seattle, at the time when the city was being rebuilt and a new business sector was being created. * It is set during a time of economic recession, unrest, and changes in the American political system, creating an atmosphere which was shocking to the people of Seattle at the time of the game's release. * The game focuses on the struggle for power among the various clans in Seattle and takes place before the events of the first V:TM game. * The story involves the player's character trying to complete a quest which he got from a young woman who has been turned into a werewolf. * The werewolf is the protagonist of the story. The player is able to interact with her, gaining valuable information and being able to control her in battles. * The game offers four playable characters. Depending on which character the player chooses, he will be able to develop a unique story and experience the game in a completely different way. "Vampire: the
