He has spent a decade writing about the stock market and has had real money invested for more than 30 years. Up until Donald Trump said he was running for president in 2016, I had always assumed that a lot of people didn't really know much about him. Even on Wall Street, he had very little name recognition. Many of us, myself included, thought he was a myth, a monstrosity, a blur on a page from a new reality show on NBC, a Ponzi scheme so shocking, it should be taught in high school. People love a good underdog story, and a man who came from the middle class who became president of the United States? Magnificent, indeed! Or, you know, terrifying and horrifying. But in the last year or two, since Trump first ran for president, I've come to the conclusion that there are now lots of people who know Donald Trump's name. He is one of the "must know" names in the world of politics. Why would that be? In the mid-80s, I got involved in the junk bond business in the United States. First, I worked with high-yield bonds, then, I moved into the capital markets, and by 2000 I was the president of one of the 0cc13bf012
