What's New in the Boilsoft RM Converter?

SoftImp Video Converter is a video conversion tool that allows you to convert RM to AVI, MPEG, WMV, DVD, VCD, MTS and other video formats. The interface of the program consists of a standard window in which you have a few options at your disposal. Batch processing is allowed. In the queue you can view the source and output directory, status and output format of each file. After you set the location and extension, you can press the "Convert" button to initiate the task. In addition, you can modify audio and video settings when it comes to the codec, bit rate, frame rate, channels, sample frequency rate and others. However, you can also remove an item from the list or clear the entire queue, as well as go to the "Options" area you specify the default output folder, format and audio and video options. The program requires a low-to-moderate amount of system resources, includes a step-by-step guide with snapshots for novices, quickly finishes a task and manages to keep a very good image and sound quality. However, it didn't manage to convert one RM file during our tests and you cannot configure additional program settings (e.g. enable the tool to automatically turn off the computer after all conversions). We recommend SoftImp Video Converter with reservations. SoftImp Video Converter Features: Codecs and audio and video properties can be adjusted Create the video file with a personalized cover Add titles to the file Change the default settings Free download SoftImp Video Converter by converting RM to AVI, MPEG, DVD, VCD, MKV, MTS and other video and audio formats. The list of supported formats includes: RM, RMVB, XVID, AVI, MP4, MKV, ASF, VOB, MOV, WAV, AIFF, FLAC, AAC, APE, MP3, OGG, WMA, AAC, and MPEG. * The following softwares are also converters: Video Converter 2.0.8.0: Codecs and audio and video properties can be adjusted and you can change the default settings. Best Video Converter: Video Converter 2.0.8.0: Codecs and audio and video properties can be adjusted and you can change the default settings. Best Video Converter with DVD Creator: Video Converter 2.0.8
