What's new:

Johnny Cash and Dr. Cash had not heard the song recently. It was a new Christian song, done by the local church he didn't attend. He agreed with the Old Testament ten; they are divinely inspired laws. The 10 commandments. Act 3; Sloth. (Bible Verse) To better understand the teachings of Jesus, you have to follow the commandments in the Old Testament. He was heavily influenced by Judaism. Rule number one was cleanse your body, your mind, your spirit, before you lay your hands on anything. Everything is to be kept clean. Rule number four, have no other Gods before Jesus. No idols. Jesus told the Jews that Yahweh, that is the name of the Jewish God, had no place in the New Testament. Jesus said, if your family is not worshipping me, they will suffer the consequences. If your family believes in the Old Testament, they will suffer the wrath of God. This story is about a successful business man, very wealthy, a good family man. He has everything. But he is lazy, sleeping in late, eating late and enjoying two cars, a cell phone, a TV, cigarettes and anything he wants to enjoy. (Cut to Evening) Johnny Cash drives home from the casino, parked his car in his garage. House is dark and the garage door is shut. Johnny Lay in bed with Lauren, his long time wife. He grabs her right arm and lightly looks at her watch. She giggles, she had been talking on the phone. Johnny holds his hand over the cell phone; she tosses it on the floor, her mouth still wide open from her conversation. He snuggles in beside her. They cuddle up and make love, kiss and talk for a while in bed before going to sleep. Both of their phones didn't ring. Johnny prayed for a hungry child, said, "Please God, let her be hungry." He prayed for cold outside. Said, "For the child, find her a warm home." He prayed for the child. Johnny, the father, a good man, prayed for his wife, she is having my baby. Johnny promised to raise his child well. (Cut to Morning) In the morning, Johnny get into the shower. Lauren is down the hall. He hisses at her, "I'm showering with my watch face off." She rushes into the bathroom, the phone just rang. She puts the cell phone down on the floor, pulls Johnny

Painkiller Hell & Damnation is a first-person shooter game that was originally released on August 23, 2005, for Microsoft Windows. It received a ported version for the Xbox 360's Xbox Live Arcade on July 29, 2009. It was released for PlayStation 3, PlayStation 4, Xbox One and Xbox 360 on May 10, 2017. Painkiller Hell & Damnation was created by ZP Systems, Inc. for Microsoft Windows in 2004. The game was first released on the Microsoft Windows platform on August 23, 2005 and was later released for the Xbox Live Arcade on July 29, 2009. It is the third game released in the Painkiller series. Painkiller Hell & Damnation takes place on a Hellish planet several years in the future. The protagonist, named Joe, must clear his name after being framed for the murder of a civilian by the corrupt police force on the planet. In the course of his search, he encounters various demons that are attempting to destroy the planet. The gameplay in Painkiller Hell & Damnation is typical of the Painkiller series. In the game, the player is a first-person shooter. Joe's weapon of choice is the "Power Scythe", which is a weapon that is similar to an industrial chainsaw. The weapon can be upgraded as the player progresses. The player can also perform the "Powervault", a move that is basically an explosion that both scares and stuns enemies. The "Babysaw", a more powerful version of the "Power Scythe", is also available. Another move of note is the "Zap-o-cracker", which deals moderate damage to multiple enemies in an area. The player can take part in various missions while on the planet. When a level is completed, the player gets to view a cutscene. The cutscenes are usually narrated by original Painkiller voice actor, Michael Ironside. Joe can also perform "soul verification" to unlock extra rewards. Like Painkiller 2 and Painkiller 3, Painkiller Hell & Damnation has a multiplayer mode, called "The Farm 51". The game shares its first-person mechanics with Painkiller 3, but the game is more focused on action and kills. The game also has a unique music system that is linked to the Painkiller franchise. Music is pre-defined, but the player is able to swap in different songs as they progress in the game. The visual design in Painkiller Hell & Damnation is very detailed. The developers worked closely with the original
