This package contains:

- A set of 35 matching desktop background (PNG format)
- A set of 35 matching desktop panel color (PNG format)
- A set of 35 matching desktop panel icons (PNG format)
- A set of 35 matching desktop widgets (PNG format)
- A set of 35 matching desktop screensavers (PNG format)

I am only NOT going to upload any other set of icons except for this mockup set. I have tested this set on Firefox, Google Chrome and Opera for the desktop panel and widgets. It is working like a charm. This is my main set of icons for XFCE4 desktops (Tickmark with red color).

This package is for linux-style xfce and gnome-style xfce so please use it only for desktop backgrounds or desktop panels. I have created this Mockup Set with a GNOME-Eclipse-3.0-theme and an Eclipse-3.0-theme and then I have made some slight changes to those themes to match the requirements of the new ECLIPSE 3.0 XFCE4 desktop. I don't have any other related programs for ECLIPSE 3.0.
