CATHEDRAL 3-D PC Game Free Download Fixed

Use your fire breath and incredible agility to protect your cathedral for . No glitches - Step into the 90s with a custom game engine. Koch Media has unveiled Koch City: The Revival, a project that will take you back to the world of the 90s, when computer games were just emerging. To begin with, we recall that all the games that came out in the 90s were not of very high quality. And not because they were made poorly, just at that time there was no high-quality gaming hardware. But this did not stop many companies from creating masterpieces that still remain cult.
